# **WORKING WOMEN**

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their dally bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displaces, ments or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorat-"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. "My physician failed to help me and I decided to try Lydia E. Plinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

They especially require an invigorat-ing, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tied she can head a charge and head are aching, she is so Backache, dizziness, fainting, bear-ing-down pains, disordered stomach, moodiness, dislike of friends and society tired she can hardly drag about or stand up, and every movement causes be quickly dispelled, and it will make pain, the origin of which is due to you strong and well.

You can tell the story of your suf-

some derangement of the female or ganism.

Miss F. Orser, of 14 Warrenton Street. Roston, tells women how to avoid such suffering; she writes;

Dear Mrs. Pinkham:—
